12-POINT TIEBREAKER

Singles: A, having served the first game of the set, serves the first point from the right court; B serves points 2 and 3 (left and right); A serves points 4 and 5 (left and right); B serves point 6 (left) and after they change ends, point 7 (right); A serves points 8 and 9 (left and right); B serves points 10 and 11 (left and right) A serves point 12 (left); A player who reaches seven points during these first 12 points wins the game and set. If the score has reached six points all, the players change ends and continue in the same pattern until one player establishes a margin of two points which gives him/her the game and set. The players change ends every six points and the player who serves the last point of one of these 6-point segments also serves the first point of the next one (from right court). For a following set the players change ends and B serves the first game.

Doubles: The same pattern as in singles applies, with partners preserving their serving sequence. In a game of A/B verses C/D, with A having served the first game of the set, A serves the first point (right); C serves points 2 and 3 (left and right); B serves points 4 and 5 (left and right); D serves point 6 (left) and after the teams change ends, D serves point 7 (right); A serves points 8 and 9 (left and right); C serves points 10 and 11 (left and right); B serves point 12 (left); A team that wins seven points during these first 12 points wins the game and set. If the score has reached six points all, the teams change ends; B then serves point 13 (right); and they continue until one team establishes a two-point margin and thus wins the game and set. As in singles, they change ends for one game to start a following set, with team C-D to serve first.

RAIN-OUT PLAN

The tournament format may be adjusted by tournament managers in case of delays from inclement weather or other unforeseen circumstances. Adjustment priorities:

- b. Tournament may move to indoor courts if available.
- c. No-ad scoring may be used, first in consolation brackets and then in championship brackets.
- d. 8-game pro-sets may be used in one or both brackets.
- e. If conditions on day one do not permit play, tournament management may elect to play single elimination on day two.
- f. If conditions on both days do not permit play, tournament will be canceled.
