

RULE 17 - SEASONS

17-1 SPORT SEASONS

Seasons have been established for sports and specific activities sponsored by the IHSAA. A season will begin with the first allowed day of practice and will end with the completion of the state championship in that sport, or other date established by the Board of Directors.

17-1-1 The School Year The school year is considered to begin 7 days prior to the fall sports start date (first day of the fall no-contact period) and conclude after the final IHSAA spring sport state championship. Coaching restrictions are in effect during the school year.

17-1-2 Regular Season Practices are held during the sport season and include items that are not allowed at any other time. The following are usually a part of regular season practice:

- a. Publicized announcement of the start of practice.
- b. Restricted attendance according to school boundaries, age, sex, abilities, etc.
- c. Required attendance.
- d. Intra-squad scrimmages.
- e. Teaching team concepts as well as individual techniques and skills through the use of drill, "chalk talks", film sessions, etc.
- f. The use of school uniforms and/or protective equipment.

17-1-3 Summer Programs Summer programs must be voluntary and must be terminated by the fall no-contact period. The IHSAA supports member schools' involvement in voluntary summer programs. However, the IHSAA believes that students need time off during the summer and strongly recommends that member schools schedule at least ten days of non-student contact during the summer each year.

- a. Coaching restrictions are suspended during the summer (the day after the spring state tournaments through the beginning of the fall no-contact period). A high school coach can coach his/her players anytime, anywhere, during this period. During this period a team can scrimmage against another team without violating the out-of-season contest requirements (renting facility etc.). Practice, competition and facility use during the summer, is not covered by IHSAA insurance (liability, catastrophic, concussion etc.).
- b. A high school coach who coaches a team during the summer that advances to a regional or national qualifying event can continue to coach after the fall no-contact period until the completion of the tournament/s. IHSAA must approve a written request prior to participation.
- c. Students will only be allowed to attend team camps during the summer, not during the school year.
- d. Member schools are prohibited from hosting athletic camps involving students from IHSAA member schools once the fall no-contact period has begun. Coaches from member schools are prohibited from working in or hosting athletic camps involving students from IHSAA member schools once the fall no-contact period has begun.

17-1-4 Protective Equipment No school-owned uniforms and/or protective equipment may be used without written permission from the IHSAA. With that permission, schools may use their own protective equipment in a camp or clinic for a period of seven days within a ten, consecutive day period upon written request from the trustees of the school. Included in the request shall be a statement of recognition that IHSAA sponsored catastrophic insurance provides no coverage for the activity and any and all liabilities rest solely with the school, camp, or clinic. Individual students from a specific school are not required to use the school's protective equipment in the same camp as other team members. Each individual student will only be allowed to use an IHSAA member school's protective equipment by renting or loaning for a period of seven days within a ten-day period.

17-2 PRE & POST SEASON REGULATIONS

Only in certain circumstances may school personnel be involved in practice or competition for IHSAA sponsored sports outside the sport season. The regulations listed below are in effect for any program in which students are instructed in the skills and techniques of a specific sport.

- a. Attendance is limited to non-school time.
- b. Participation is strictly voluntary and is open to all high school students that are currently enrolled at the school.
- c. All fees and expenses are provided by the student or his/her parents. No school funds, booster club funds (except those raised by the student and his/her parents for that specific activity/event) or other such funds can be used for entry fees, equipment, uniforms or transportation.

17-2-2 Rule of 2 – Coaches can instruct/coach no more than two students at one time by a member of their high school (grades 9- 12) staff of that sport during the school year.

- a. Anytime there are more than two students, it is considered an Open Gym/Field/Facility (follow the guidelines in Rule 17-2-3).

17-2-3 Open Gym/Field/Facility -Open Gym/Field/Facility does not violate IHSAA rules if the following conditions are met:

- a. Coaches supervise only. Coaches may NOT instruct/plan/organize/teach or coach.
- b. Coaches are allowed to coach/instruct any number of students on individual skills and development specific to their sport. Maximum of 10 hours per school year.
