

Panel Topics 26-27

Remember, these CANNOT be used for invitationals and must be reserved for district and state ONLY.

- The middle class has been shrinking for 40 years. What do we do about it?
- How should Idaho high schools address chronic absenteeism while balancing student accountability with support for barriers to attendance?
- Should electronics (laptops, phones, smartwatches, etc.) be allowed during rounds in speech and debate?
- How can Idaho communities balance competing demands for water while protecting the state's long-term water supply?
- How can we increase the level of civics literacy in our communities?
