Cross Country

Classification — based on grades 9-12

5A  1,280 and over
4A  1,279-640
3A  639-320

2020 Cross Country Season

First Day of Practice  August 10
First Meet  After 10 days of practice
Dist. Meet Completion  October 24
State Meet  October 31

Cross Country Sports Practice Model

The IHSAA Board of Directors has adopted the fall sports practice model for cross country.

Rules

All meets shall be conducted according to National Federation rules. Cross country rules are included in the Track and Field Rules book that is provided to all member schools in the spring of the preceding school year.

Meet Limitations

Teams and individuals are limited to eight meets during the regular season, not to exceed two meets per week. A contestant who exceeds these limitations will become ineligible for district, state, or any further IHSAA sponsored cross country competition.

Team Size/Coaches/Support Personnel

A full team consists of five runners. At the state meet, a maximum of seven runners per school will be permitted to participate. If fewer than five runners participate, it will be for individual honors only. District Boards of Control set numbers for district meets. All classifications will be allowed two coaches and two support personnel to be admitted without an IHSAA card. Any coaches or support personnel exceeding that number must have an IHSAA card.

Scoring

Team scores are determined by adding together the places of finish for a team’s top five finishers. At least five finishers are required to compute a team score.

Length of Course

The distance for girls’ and boys’ races at district and state meets shall be 5000 meters.

Road Runs

Cross country runners are not permitted to participate in road races, fun runs, marathons or the running portion of triathlons during the August 10 to October 31 season. Spartan races are allowed.

Qualifying for State Cross Country

Qualifying as a Team: The number of teams that qualify to the state meet shall be determined by the following procedure:

1. Teams that finish in the top one-half, or major portion thereof, of the full teams that complete the district meet shall qualify for the state meet. If a tie exists in the final qualifying position, it will be broken according to NFHS rule 8-2.

2. If a school is unable to participate as a full team in the district meet due to circumstances beyond their control (e.g., 5th runner is injured, bus breaks down, etc.), that school can be included in the count that determines the number of qualifying teams provided they competed as a full team (at least five members) in six meets during the regular season.

3. If only two full teams compete at the district meet, the second place team may be eligible for an at-large berth to the state meet by the following procedure:
   a. The second place school submits an at-large qualifying request with the district tournament manager’s approval to the IHSAA by 8:00 a.m. Sunday prior to the state meet.
   b. A panel, composed of representatives from each district, will determine which, if any, teams should qualify by evaluating: 1) head to head competition with teams from their district and surrounding districts; 2) time average for the team’s top five runners from their final five meets of the regular season.

Qualifying as an Individual: Runners whose team does not qualify, may qualify as individuals by finishing in the top one-third of the total number of competitors that complete the district meet. A maximum of seven runners per school shall be counted in determining the total number of competitors.

Hardship Qualifications: An individual may receive a hardship qualification to the state cross country meet if he/she meets #1 and #2 or #3 of the following criteria:

1. Finish in the top 1/3 at the last four meets prior to the district/regional meet.
2. Fail to finish in the top 1/3 at the district/regional meet because of a situation beyond their control (e.g., being fouled by a spectator).
3. Being unable to compete in the district/regional meet due to an injury or illness as certified by a licensed medical practitioner. The certification must specify that participation at the state meet is allowed.

Honest Effort: A runner who starts, but does not finish, the district meet, may be counted in determining the number of qualifying teams and individuals provided the meet manager determines that an honest effort was made and that the non-finish was due to circumstances beyond the runner’s control.
