

## Jerry Evans – 1996 Hall of Fame Inductee

Jerry Evans served the youth of Idaho for 16 years as State Superintendent of Public Instruction. During his time as superintendent he spoke to virtually every youth-oriented organization in the State of Idaho. He was always available to IHSAA executive directors when they called upon him for counsel. Through all the academic achievements of his career, Jerry always recognized the value of high school activities and worked hard to support them for the young people of Idaho.
