

Richard Bauscher – 2016 Hall of Fame Inductee

Dr. Richard Bauscher retired as superintendent of the Middleton School District in June 2016. Over a forty-year career he worked as an educator, principal, and educational facility planner. Additionally, he served three terms on the IHSAA Board of Directors.

In 2007, while Bauscher was the Middleton School District Superintendent, Middleton High School burned down. He was instrumental in passing the \$51.9 million bond to rebuild the school with state-of-the-art facilities the following fall. In January, the Middleton Board of Directors surprised Bauscher with a ceremony to name the athletic facilities the “Bauscher Sports Complex.” The outstanding facilities and staff there host basketball, soccer, and track state championships each year.

Bauscher was named the Idaho Superintendent of the Year in 2010 and has been named the Idaho Educational Leader of the Year and has five “Who’s Who” awards.
