INTRODUCTION

The registration and certification of all high school sports officials for contests in grades 9-12 is a function of the Idaho High School Activities Association.

This handbook has been prepared to provide a better understanding of the policies and procedures for registration and certification of athletic officials in Idaho.

The sports official plays an important role in the development of young people and is expected to exhibit a high degree of moral character. He/she must have unquestionable integrity and be free of any racial, religious or personal prejudice. The official should always display conduct, which is a credit to the officials of Idaho, the Association, and the sports program.

All officials and prospective officials are required to follow the procedures set forth by the Association in registering and becoming certified each year in each sport he or she plans to officiate.

The Idaho High School Activities Association classifies all athletic officials as independent contractors. There should be no employer/employee relationships between the official and any of the Idaho organizations, including the Idaho High School Activities Association, the District Board of Control, the district commissioner, or the schools for which the service is provided.

Athletic Coaches & Officials Code of Ethics

Believing that mine is an important part in the nationwide school athletic program, I pledge to act in accordance with these principles:

1. I will honor contracts regardless of possible inconvenience or financial loss.
2. I will study the rules of the game, observe the work of other coaches or officials and will, at all times, attempt to improve myself and the game.
3. I will conduct myself in such a way that attention is drawn not to me, but to the young people playing the game.
4. I will maintain my appearance in a manner befitting the dignity and importance of the game.
5. I will cooperate with the news media in the interpretation and clarification of rules and/or other areas relating to good sportsmanship but I will not make statements concerning “calls” after a game.
6. I will uphold and abide by all rules of the IHSAA and the National Federation.
7. I will shape my character and conduct so as to be a worthy example to the young people who play under my jurisdiction.
8. I will give my complete cooperation to the school that I serve and to the IHSAA which I represent.
9. I will cooperate and be professional in my association with other coaches or officials and will do nothing to cause them public embarrassment.

CLINIC REQUIREMENTS

for STATE OFFICIALS

Required hours: A clinic required for all athletic officials' eligibility to officiate state play-ins and championship games is defined as in class or on field/court instruction that must include a minimum of **six contact hours**. The contact hours can be acquired in multiple days or one six-hour block that would not include breaks.

Presentation: A clinic is presented by multiple clinicians using a variety of multi-media methods. These presentation methods may include (but not limited to, nor do all need to be used) speeches, DVD's, Power Points. Court or field mechanics may include officiating simulated or actual games or specific situations or review of game tapes/films.

Clinic content: A clinic may contain general information such as motivational presentations, health and safety presentations, tax information, and/or other materials of interest. A clinic must contain sports-specific presentations and/or mechanics demonstrations. A clinic may cover multiple sports; however, participants must attend sports-specific presentations to receive credit for a clinic in that sport.

STATE RESPONSIBILITY

1. The IHSAA office provides rule packet materials, which include NFHS Rule Books, Case Books, manuals, etc. Registration fees cover the cost of producing these materials and insurance coverage.
2. A service of the IHSAA is to sponsor rules' clinics for officials and coaches. These clinics are conducted by state rules interpreters who cover rule changes, rule interpretations, points of emphasis, and special topics. When contacting the IHSAA for a rule interpretation or clarification, please direct questions to the person in charge of that sport:

Ty Jones – football, cross-country, wrestling, basketball, track

Julie Hammons – swimming, golf, softball, soccer

Mike Federico – volleyball, tennis, baseball

3. **Online Testing:** Testing is an important part of the training procedure. Tests are used to help gauge each official's knowledge in given game situations. Part I is required for soccer, basketball and track; Part II is required for all other sports. The required test is open book and used to determine varsity or non-varsity status. With the exception of soccer, basketball and track, Part I test is open book to be completed at the official's leisure, individually or in a group. Its primary function is to serve as a guide to help study and learn the rules.

DISTRICT RESPONSIBILITY

1. Activity district associations are the key to a successful officiating program. Recruiting, educating, rating, and assigning officials are all important functions of these associations.
2. All officials used to officiate contests in grades 9-12 must be on approved lists as required by the IHSAA rules and regulations.
3. The organizational pattern followed in operating district officials' associations differs from district to district.
4. Recruiting new officials is a primary responsibility at the local level. Officials who are active in the program, coaches, and school administrators should always be looking for individuals whom they feel have the background and interest to become proficient officials.
5. The educating program at the district or local level should require membership in the local officials' association and active participation in the regularly scheduled meetings. The district or local commissioner or assigned rules interpreter should be active in developing a training program to constantly upgrade the caliber of officiating.

ASSIGNMENT OF OFFICIALS

All sports officials used in contests involving grades 9-12 must be certified by the IHSAA. While the IHSAA has established minimum requirements that all officials must fulfill, the IHSAA is not responsible for the assigning or rating of officials during the regular season and cannot guarantee all officials will be assigned to officiate interscholastic contests. The sport commissioner in each district usually assigns all officials for varsity contests. Officials for non-varsity contests may be assigned through appointed persons or secured independently, depending upon the policy the local district has adopted.

SELECTION OF STATE OFFICIALS

1. The selection of officials for state level competitions is the responsibility of each activity district.
2. Each activity district is required to submit a list of ranked certified officials to the IHSAA.
3. The assignment of officials to state competition will be determined by the order of district ranking of each individual official.
4. The number of officials representing each district at state competition in soccer, volleyball, basketball, wrestling and softball will be determined by the IHSAA.

5. In football, when possible, the top team of officials selected from each activity district will be assigned to officiate a game in the Milk Bowl that does not involve a team from their district.
6. In basketball, when possible, the top-rated official from each activity district will be assigned to officiate a championship game in one of the six classifications. The game will be one in which a school from their district is not involved.
7. An official will not be eligible to officiate a state contest until **after the second season (two for soccer)** of service as a certified official.
8. An official must attend an official's clinic, other than the district rules meeting once every three years for eligibility to officiate a state tournament.

STATE RULES & REGULATIONS: Officials

10-1-5 Game officials may not declare a forfeit of a state tournament game prior to consulting with the tournament manager.

10-1-6 Officials assigned to play-in games involving the sports of volleyball, football, soccer, basketball, and softball will be selected from the host district.

In the sports of volleyball and basketball if one of the schools is from the host district, the officials should be selected from the activity districts involved in the play-in game. One official from each participating district would be selected.

Requesting Neutral Officials Neutral officiating crews will be assigned in the sport of football for all semifinal games. District crews will have equal representation when possible. If neutral officials are requested for the 3A, 2A and 1A quarterfinals, the requesting school will pay all additional expenses or \$250, whichever is greater, to the IHSAA. Such requests must be submitted by the school in writing to the IHSAA by the Monday prior to the contest. The neutral crew would come from the district closest to the game site. Example: A school from District V requests their football play-off game involving District IV use officials from a neutral district. If the game is played in District IV, District III officials would be used. If the game is played in District V, District VI officials would be used.
